

I am student in second years in psychomotricity school, the ISRP un France.  
I want to participate at the summerschool because i am very interesting  
about the different point of view about psychomotricity and différents  
views about psychomotricity 's place in other country. We have also not the  
same practice, it's an opener to différent work.  
Sincelly,  
Claire Salmon

I am in second year in Marseilles ISRP and i wanted to have an other human experience. Meet students and teachers of other country is a good and unique occasion to chair a practice together and have a point of view of the different conceptions about our job.

My name is pauline, I am a future third year student in ISRP paris, and i am glad to participate to the summer school to meet new people and discover other ways to practice psychomotricity

Hello, I'm Eloïse and I'm a future third year. I wanted to join that Summerschool to discover new mediations and to meet new people. I think it's very important that we work together and that we stay aware of the different ways to practice psychomotricity

My name is Marie, I'm 21 years old and I'm about to start my third and final year at ISRP in Paris.

I'm really excited to be a part of the 2015 Summer School. I would love to meet new people, improve my English and discover the different approaches to psychomotricity all around Europe. I think it's going to be a very fulfilling experience

My name is Céline, I am 28 years old and I will start my third year in September. I wanted to do Summer School to meet European student and learn about the organisation of their education. I also was interested about practicing different mediations with teachers from other countries. The theme "The Balance" was really attractive so that's why I applied
